

# Guatemala 2016

an update from Stephen and Jacque Vassallo

'We wish to thank The English Speaking Catholic Community in Gozo for their donation.'

**We continue** to support the village of **AZULCO** and the surrounding hamlets in Guatemala. We are indebted to Don Beto Recinos who administers our fund and sends us monthly reports.

**As in past years** our fund is supporting students, providing fortnightly basic foods to elderly and needy families. We are paying for a doctor to come to Azulco and give free medical consultations. Three more houses have been built and another latrine.

We are very proud that **Mons. Angel Recinos** has been made a bishop. He is the son of Don Beto and a son of Azulco. His diocese, Zacapa, is one of the poorest in Guatemala. On the occasion of his episcopal ordination we gave him a donation from our fund.

Our outgoings for the last 12 months have amounted to €6,400.
